WELCOME to Alfea College in the Magic Dimension.
It's the finest fairy school in all the realms. Best friends Bloom, Stella, Flora, Aisha, Musa, and Tecna have come here to improve their magical powers. With their amazing abilities, and the strength of their friendship, they can fight evil and protect the Dimension.

 Bloom

BLOOM was an average teenager until she discovered she is actually a fairy! And not just any fairy: Bloom is the Fairy of the Dragon Flame, the most powerful fairy of all! Now she's at Alfea College, learning to access and use her incredible powers while leading her friends, the rest of the Winx Club, against the forces of evil. When she's not saving the world, Bloom likes to kick back with her friends and play with her pet rabbit, Kiko.

Stella is the Fairy of the Shining Sun, so it's no surprise that she draws her energy and powers directly from sunlight! She's always one for a good laugh and lightens the mood when times get tough. No wonder Bloom is her BFF!

Flora

FLORA is the Fairy of Nature, so it's only natural that she gets her powers and energy from flowers, plants, grass, and trees. When the Winx Club needs a magic potion, they turn to Flora. Because she's so thoughtful and super sweet, Flora is often the peacemaker in the group.

Aisha

Aisha, the Fairy of Waves, can control water in all its forms and isn't afraid to dive headfirst into a challenge. She's strong and independent, and ready for adventure. And she's always there for her Winx Club friends!

MUSA is the Fairy of Music. She's an ace at piecing together clues and figuring out evil plots set up by those nasty witches, the Trix.

Tecna

As the Fairy of Technology, **Tecna** is the brains of the Winx Club. When the girls need a new device or a creative idea to escape a sticky situation, they know they can count on this confident and super-smart fairy.

**Friends
Forever!**

The Specialists

Sky

When Bloom meets **Sky**, Prince of Eraklyon, she is immediately drawn to him. He is clever, funny, brave, and charming, which is why he is the leader of the Specialists. He's also a compassionate and loyal friend, especially to his best bud, Brandon.

Bloom & Sky

Brandon

Stella shines even more brightly when she's with **Brandon**, the strongest of the Specialists. He's Sky's right-hand man, and the perfect partner for taking down villains—and showing off his incredible sword skills.

Riven

Riven is Musa's boyfriend. He may put up a tough front, but he's always there to weather the storm when things get rough for the Specialists. He's a ~~strong~~ competitive, a fierce fighter, and a great swordsman. But he can be a bit pranky at times.

Timmy

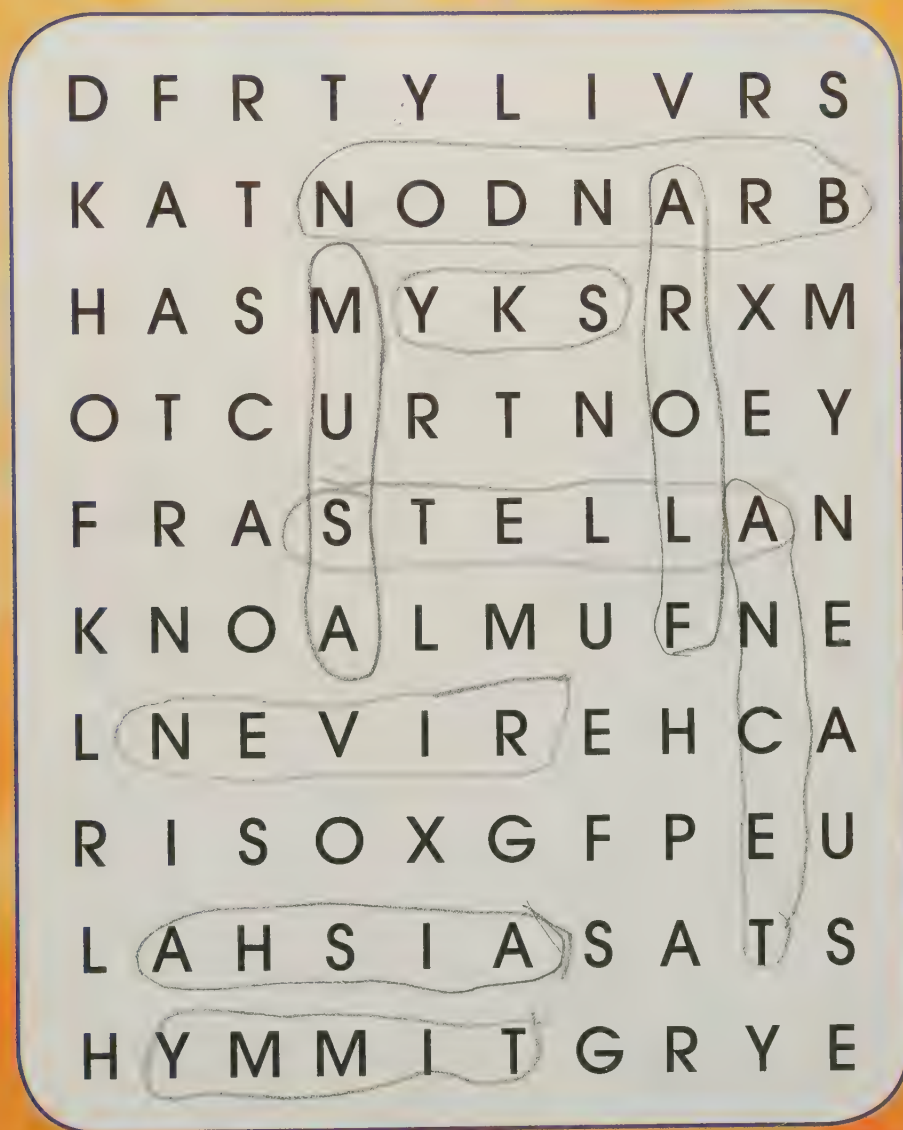

Timmy is the logical choice to be Tecna's boyfriend. He is the most intelligent of the Specialists, and often uses his wits to solve problems. He's a little shy, but he's always eager to show off his expert flying and his mechanical prowess!

Tecna
& Timmy

Bloom has a lot of friends in the Magic Dimension. Look up, down, backward, and forward to find their names.

FLY with MAGIC!

Icy

Icy's name suits her perfectly. She's the ruthless and coldhearted leader of the Trix. She's eager to unleash her evil arctic powers to destroy Bloom and rule the Magic Dimension!

Darcy

Darcy is the quiet and devious Trix sister. She uses illusions and dark magic as well as hypnotism to manipulate and confuse her enemies. Her powers can be big and bold or subtle and hypnotic.

Stormy

As her name suggests, **Stormy** can create, control, and draw power from storms. The youngest of the Trix, she is extremely proud, moody, and very destructive, always ready to unleash a Twister of Fury to wipe out a problem!
